Professional Summary

Result-oriented Azure DevOps Engineer with 2+ years of experience automating CI/CD pipelines, managing Azure cloud infrastructure, and implementing Infrastructure as Code (IaC) to improve deployment efficiency by up to 40%. Proficient in Git, Azure Repos, Pipelines, Docker, and Terraform.

Technical Skills

- **Cloud Platforms:** Microsoft Azure (Azure VM, App Services, Functions, Key Vault, AKS)
- **DevOps Tools:** Azure DevOps Services (Repos, Pipelines, Boards), Jenkins, Docker, Kubernetes
- **IaC & Configuration:** Terraform, ARM Templates
- **Monitoring/Logging:** Azure Monitor, Application Insights
- **Scripting:** Bash, PowerShell, Python

Experience

- **DevZen Software Solutions Pvt Ltd** 01-08-2023 - Present
  Azure Devops Engineer
  - Designed and implemented end-to-end Azure Pipelines for CI/CD, reducing deployment time by 50%.
  - Migrated legacy applications to Azure PaaS by setting up YAML-based pipelines in Azure DevOps.
  - Automated infrastructure provisioning using Terraform and ARM templates, decreasing environment setup time.
  - Dockerized applications and managed containerized deployments using Azure Kubernetes Service (AKS).
  - Configured Gitflow branching strategies in Azure Repos and enforced quality gates using SonarQube.
  - Monitored application performance and infrastructure health using Azure Application Insights, improving uptime to 99.9%.

Projects

- **CI/CD Pipeline for Java Application on AKS**
  - Developed an end-to-end automation pipeline using Azure Pipelines for containerizing a Java application and pushing it to ACR.
  - Provisioned production-grade AKS clusters using Terraform for repeatable infrastructure.
  - Implemented Rolling Updates within Kubernetes to ensure zero-downtime deployments.
  - Configured Horizontal Pod Autoscaling (HPA) based on CPU/Memory metrics to handle traffic spikes.
  - Created Log Analytics dashboards for real-time visibility into pod and node health.

Certificates

- **Microsoft Certified:** Azure Administrator Associate (AZ-104)

Education

- **Swarnandhra college of Engeenering and Technology** 2018 - 2022
  Bachelor of Technology (ECE)
  CGPA : 6.8
